Summary

I am Abhijeet Jadhav

Currently,

I'm in 3rd year pursuing BSc in Information technology from University of Mumbai. I am always excited to learn new things, meet new people, get connected with like minded people, share my experience, and learn from their experiences.

I have experience working in languages and technologies such as, React Js, JavaScript, Python, HTML, CSS, Firebase and Java.

I'm an open-source enthusiast, and contribute to project and enhance my skills. Try to build and develop new things. I enjoy working on Web development projects.

I can provide clean code and pixel perfect design.
